Professional Summary

Information Technology undergraduate at **IIT Sonapat** with a strong foundation in mathematical logic, analytical problem-solving, and concept-first pedagogy. Experienced in remote reasoning evaluation and authoring step-by-step logic rubrics at Outlier AI with a **98%+ quality rating**. Skilled in breaking down complex K–12 mathematical concepts (Algebra, Geometry, Trigonometry, and Calculus) into intuitive, visual explanations using the guided cueing method. Fluent in spoken English with high remote discipline and committed weekly availability for live 1-on-1 tutoring.

Education

Indian Institute of Information Technology (IIIT), Sonapat

B.Tech in Information Technology — CGPA: 6.5

Aug 2023 – Aug 2027

Sonapat, Haryana

- **Relevant Coursework:** Engineering Mathematics (Calculus, Linear Algebra, Differential Equations), Discrete Mathematics, Probability & Statistics, Logic & Algorithms.

Adarsh Regional Senior Secondary School

RBSE Class XII (Science Stream with Mathematics) — 83.0%

2022

Nadbai, Bharatpur, Rajasthan

Teaching & Mentorship Experience

Outlier AI — AI Reasoning Specialist & Logic Evaluation (Remote)

March 2026 – Present

Mathematical Logic, Step-by-Step Proof Verification, Multi-Turn Reasoning, Error Analysis, Code QA

- Benchmarked and evaluated multi-step mathematical, logical, and algorithmic reasoning workflows across frontier AI models.
- Authored gold-standard step-by-step reference solutions and detailed explanatory breakdowns, sustaining a **98%+ task acceptance rate**.
- Identified subtle logic fallacies, edge-case arithmetic errors, and gaps in student-like reasoning to create structured correction rubrics.

IIIT Sonapat / Independent — Mathematics & Peer Academic Mentor

Aug 2023 – Present

1-on-1 Tutoring, Guided Inquiry & Socratic Method, Visual Problem Solving, Diagnostic Testing

- Conducted 1-on-1 and small group mentoring sessions in foundational algebra, trigonometry, coordinate geometry, and discrete mathematics.
- Implemented guided questioning and visual problem-solving to help learners grasp conceptual proofs without rote memorization.
- Created concise formula sheets, step-by-step breakdown guides, and diagnostic assessments to track student learning milestones.

Teaching Competencies & Technical Skills

Math Domains:	Pre-Algebra, Algebra I & II, Euclidean Geometry, Trigonometry, Coordinate Geometry, Differential & Integral Calculus, Probability, Mental Math, Logic
Teaching Pedagogy:	1-on-1 Online Instruction, Cuemath "Cueing" & Socratic Method, Diagnostic Testing, Visual Problem Solving, Error Analysis, Parent Progress Reporting
Communication:	Fluent Spoken & Written English (Global/International Students), Empathetic Listening, Patient Guidance, Student Motivation, Constructive Feedback
Online & Math Tools:	Zoom, Google Meet, Digital Whiteboards (Miro, OneNote), Stylus/Pen Tablet, GeoGebra, Desmos, MS Office, Google Workspace

Certifications & Achievements

- **Algorithmic Problem Solving:** Solved **200+ problems** involving mathematical logic, combinatorics, graph theory, and dynamic programming on LeetCode and GeeksforGeeks.
- **AI - Data Engineering Analyst:** Certified by **NASSCOM / IT-ITeS SSC & Skill India Digital Hub** in analytical workflows and data engineering (Aug 2026).
- **Mastering Power BI (Data Analysis):** Certified by **PHN Technology & Skill India Digital Hub** in data modeling, analytics, and interactive dashboard creation (Aug 2026).
- **Hackathons & Competitions:** Active participant in institute-level technical and problem-solving hackathons at IIIT Sonapat.

Remote Teaching Setup & Availability

Hardware: Fast Laptop + HD Webcam + Noise-Cancelling Headset

Writing: Digital Pen Tablet / Stylus for live scratchpad

Connectivity: High-speed Fiber Broadband + Power Backup
